EGPiS2 – Last International Meeting

EGPiS activities get closer to their end, while we approach the last months of project implementation! From the last November the 13th to the 15th, the last International meeting among partners has been held in Rome! **E.N.D.A.S.** moderated the discussion among all the participants, about the topics on the agenda.

All the partners reviewed the implemented activities and showed presentations for what concerns the training courses and activities carried out, going through feedbacks they've received during the months of delivery of the activities schedule. The addressed target groups were: **Sport Coaches, P.E. Teachers, Parents, Policy Makers**

Moreover, all the partners have been going through the implemented activities for what concerns the communication themes related to the project.

It has been clarified that most of the partners used the same communication means, such as:

- Official website
- Social networks accounts
- Newsletter networking

The Guidelines also have been subject of discussion and exchange among all the partners involved in the meeting, with an effort in producing a common document and adaptable ones, due to different Countries statistics and features.
